**MARKET INSIGHTS** is excited to announce “a collaboration between JMM Investor and Media Relations and ResolveIR to bring valuable insights and opportunities from ASX listed companies to the investor community”.

Together, we aim to provide a comprehensive and informed perspective on the Australian stock market, and to help connect investors with the companies that are shaping our economy and driving growth.

## GUEST SPEAKER

---

### ACACIA

Abbi Lee is the founder and director of Acacia, an Executive Search consultancy with a global client base across resources, energy, technology, industrials, and finance from private businesses to the ASX 10. Their resources and energy practise has a depth of experience in the small to mid-cap sector of the market, with particular strength in the identification and appointment of executives and directors for high growth junior companies both pre and post IPO. Having appointed more than 50 executives, board members and managers in the past year alone she has a wealth of insight into what characteristics and attributes make for the most successful individuals

# COMPANIES PRESENTING

---

ASX:NYM

**Narryer Metals** is an exploration company focused on Ni-Cu-PGE-REE discovery in Australia. More recently, Narryer has identified anomalous REE source in basement rocks and regolith clay development at its Rocky Gully and Corackerup Projects in the Great Southern region of Western Australia which is emerging as a promising destination for explorers eyeing Rare Earth potential. These commodities are critically required as the world switches to renewable energy.

[jane@narryer.com.au](mailto:jane@narryer.com.au)

**Gavin England**  
Managing Director

ASX:TG6

**TG Metals Limited** is pursuing nickel, lithium and gold exploration and development opportunities in Western Australia, with its key project located within the Lake Johnston Greenstone belt, in the Goldfields-Esperance region of Western Australia, approx 450km east of Perth.

e: [dselfe@tgmets.com.au](mailto:dselfe@tgmets.com.au)

**David Selfe**  
CEO

ASX:PUR

**Pursuit Minerals Ltd's** Chief Operating Officer Aaron Revelle will present the recently acquired Rio Grande Sur Lithium Brine Project located in Salta, Argentina. The Project is an advanced lithium development prospect located in the Salta province covering 9,260 ha on the Rio Grande Salar. Pursuit is set to commence drilling in Q3 2023 and aims to achieve a maiden JORC resource by Q4 2023. This project represents a significant milestone for the company and has generated interest from investors and industry experts.

e: [justyn@noblehelium.com.au](mailto:justyn@noblehelium.com.au)

**Justyn Wood**  
Co-Founder and CEO

ASX:ADX

**ADX Energy Ltd (ADX)** is an Australian Stock Exchange listed, European focussed oil and gas production and exploration company. The Company offers a combination of strong underlying value, increasing cashflow & reserves growth with very material exploration upside from an expanded near-term drilling programme.

e: [ian.tchacos@adxenergy.com.au](mailto:ian.tchacos@adxenergy.com.au)

**Ian Tchacos**  
Executive Chairman

ASX:KAI

**Kairos Minerals (ASX:KAI)** is a mineral exploration company focusing on Western Australia's gold and lithium-rich regions. Its Mt York Project contains 1.1 million ounces of gold and is set to grow this quarter, incorporating new drilling data. Kairos also has a pipeline of high-quality, drill-ready lithium targets in both the Pilbara and Yilgarn Cratons, including the Roe Hills Project, which has a 2.8km long lithium-caesium-beryllium-tin soil. The company plans to pursue a game-changing project by drilling a possible extension to the Pilgangoora spodumene-pegmatite system across the boundary at Mt York. With a strong technical team, supportive board, and commitment to regular updates, Kairos is well-positioned for growth through discovery.

e: [peter.turner@kairosminerals.com.au](mailto:peter.turner@kairosminerals.com.au)

**Peter Turner**  
Managing Director

ASX:JGH

**JADE GAS**

**Jade Gas Holdings Limited (ASX:JGH)** is a gas exploration company focused on achieving a cleaner and independent energy supply for Mongolia by developing its Tavantolgoi Coal Bed Methane gas project (TTCBM) located in the South Gobi region. TTCBM is being developed in partnership with the Mongolian government to deliver the country's first domestic gas supply and is ultimately designed to support Mongolia's aim to decarbonize the economy by improving the energy mix with cleaner fuel sources, deliver on its climate change commitments, and improve environmental and health benefits for its people.

e: [cjamieson@jadegas.com.au](mailto:cjamieson@jadegas.com.au)

**Chris Jamieson**  
CEO and Managing Director

ASX:TRE

**TOUBANI RESOURCES**

**Toubani Resources (ASX:TRE)** is an exploration and development Company with a focus on becoming Africa's next gold producer. The Company has a highly experienced Board and management team with a proven African track record in advancing projects through exploration, development and into production.

e: [phil.russo@toubaniresources.com](mailto:phil.russo@toubaniresources.com)

**Phil Russo**  
CEO

ASX:BTR

**BRIGHTSTAR RESOURCES LIMITED**

**Brightstar Resources Ltd (Brightstar)** is an emerging ASX-listed gold development company (ASX: BTR) based in the Laverton region of Western Australia, an internationally renowned gold province. Brightstar is an exciting opportunity for investors looking to capitalize on a gold development company in a tier-one jurisdiction as it moves towards production.
